

# 20kW Battery Cabinet for Microgrid Vietnam Data Center

## Lithium battery parameters

Product capacity: 100Ah

Product size: 135\*197\*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

## Overview

---

What is a ze energy storage cabinet?

AZE's BESS Energy Storage Cabinets are engineered to deliver robust and flexible energy storage solutions for a variety of applications. These cabinets are designed with a focus on modularity, safety, and efficiency, making them ideal for both utility-scale storage and distributed energy resources (DERs).

What is a battery energy storage system (BESS) all-in-one cabinet?

Building a BESS (Battery Energy Storage System) All-in-One Cabinet involves a multi-step process that requires technical expertise in electrical systems, battery management, thermal management, and safety protocols.

What is an energy storage cabinet?

By the most basic definition, they store energy for later use. While a simple concept, the execution can lean toward the complex. AZE's All-in-One Energy Storage Cabinet is a cutting-edge, pre-assembled, and plug-and-play solution designed to simplify energy storage deployment while maximizing efficiency and reliability.
