

400V Lithium Battery Cabinet for Charging Stations

Overview

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard™ system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now.](#)

How many batteries can a batteryguard e-bike ACCU charge?

Bart van Linschoten, Operational Project Manager at e-bikeaccu.nl Whether you use a few batteries or many, large or small: Batteryguard offers a suitable battery cabinet for every situation. We provide compact models that allow you to charge 2 to 10 batteries simultaneously.

What is a Lista e-bike charging station?

Configure now! Thanks to its high resistance to light and weather, the LISTA e-bike charging station is ideally suited for the central supply of e-bike and pedelec batteries for outdoor use. Each compartment has a power module with two fused sockets.

Who can use the e-bike charging station?

Each compartment has a power module with two fused sockets. In addition to business and public authorities, schools, universities, airports, restaurants, cafés, hotels and other public buildings can also be equipped with the e-bike charging station for outdoor use.
