

# After-sales service for grid-connected data center battery cabinets

## Overview

---

Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

Why should a data center use a battery?

Avoid lengthy utility approval queues by managing and securing power capacity requirements at your facility. Batteries are the fastest-to-market solution for data centers to secure reliable power. Lower energy demand and costs by leveraging intelligent charging and discharging cycles that minimize grid reliance and reduce long-term energy expenses.

Can everexceed provide customized battery rack / cabinet system?

We can supply customized lead acid battery rack and cabinet system for solar, UPS, Telecom, Data center etc. EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell.

What is a battery energy storage system (BESS)?

To meet this need, battery energy storage systems (BESS) will drive critical infrastructure development and maximize the efficiency of energy resources both in-front-of and behind-the-meter.

## After-sales service for grid-connected data center battery cabinets
