Saltwater Solar provides complete off-grid power system cabinets containing batteries and all enabling equipment for continuous electricity supply to remote area homes, businesses and remote communities. Features Meets all Australian Standards for Remote Area Solar Systems, including the stringent.

All Rights Reserved. Durable power cabinets for solar batteries and inverters. Safe, compact, and efficient energy storage for off-grid systems.

If you're heading off-grid, you need more than just solar panels—you need a complete energy system you can count on from day one. That's where our custom-built off-grid solar cabinets come in. Rather than loading up parts and hoping it all comes together onsite, we've refined the process. At Excel.

Our solar battery cabinets are ideal for off-grid solar panel system, with the capacity to fit up to 10 batteries and options that can house both batteries and the inverter chargers. Available for immediate shipping to your home or business, all over Australia. Ordered some batteries via the online.
