Why is BMS a good battery manufacturer?

CATL regards BMS as the intelligent center of the power battery system, attaches great importance to the R & D and production of BMS, has nearly 100 BMS related patents, and its products are compatible with AUTOSAR4.0, which can provide mature solutions for global car companies. And it is also one of the top 10 lithium ion battery manufacturers.

What are BMS products?

As electronic systems, BMS products play a pivotal role in monitoring and managing the performance of rechargeable batteries in various energy storage systems, including lithium battery, lead acid battery, and lifepo4 battery modules and packs, which are widely used in battery-powered applications.
