

# Chip solar-powered communication cabinet lithium ion battery

## Overview

---

What is a battery cabinet?

Battery cabinet that includes Lithium-ion batteries, Battery Management System (BMS), switchgear, power supply, and communication interface. Battery cabinet that includes Lithium-ion batteries, Battery Management System (BMS), switchgear, power supply, and communication interface.

What is a lithium ion battery unit?

Guardian Telecom Lithium Ion Battery Units store energy at 48V to power everything from small cell sites to large mobile switching centers.

Can lithium ion batteries replace diesel generators?

Lithium ion batteries are the critical pillar in a fossil fuel-free economy and their uses in electric vehicles and stationary energy storage have grown exponentially in recent years, due to technological advances and significant price declines. This is making Lithium Ion batteries a potential replacement for diesel generators too.
