

Data Center Battery Cabinet 47U for Network Rooms

Overview

How does a 47U server cabinet work?

This 47U server cabinet comes fully assembled for quick and easy deployment with pre-installed casters that let you maneuver it over a level, smooth, stable surface and through a standard two-meter doorway into position, where it can be stabilized by adjusting the levelers.

What is a SmarTrack® 47U server rack?

This SmartRack® 47U server rack is designed for network wiring closets, retail locations, classrooms, back offices and other areas with essential rack-mount IT equipment. It is 800 millimeters wide to allow more room for cable management and PDU mounting along the sides of the rack, which permits free front-to-rear airflow.

What is a network rack cabinet?

Network cabinets are an ideal storage solution for data centers and telecommunications rooms, specifically engineered to house IT equipment and high density network cables and connectivity. The network rack cabinet provides the flexibility for customers who know exactly what they require of their server rack.
