

# Dustproof industrial cabinets for remote areas

## Overview

---

Our custom enclosures are designed for dusty environments and other work areas where PC computer cases are needed. We provide industrial PC enclosure, electronic housing, air conditioned server cabinets, network rack enclosures, printer dust covers, and additional.

Our custom enclosures are designed for dusty environments and other work areas where PC computer cases are needed. We provide industrial PC enclosure, electronic housing, air conditioned server cabinets, network rack enclosures, printer dust covers, and additional.

Grimy dirt & debris, grain & flour dust, animal hair, feathers & liquids send your computers and label printers into an early retirement. From accessories to enclosures, we have you covered for all your dust protection needs! We provide printer and computer dust protection solutions around the.

Manufactured from mild steel, these floor-standing designs are sealed to a NEMA 4 rating, and deliver a lower total cost of ownership (TCO) when compared to substitutes. Ideal both for hazardous environments and tasks that require regular paper retrieval, these combined workstations protect against.

Dust Free PC provides computer enclosures that offer full protection for computer systems in environments where it can be hard to keep them clean or protected from unauthorized use. Our custom enclosures are designed for dusty environments and other work areas where PC computer cases are needed. We.

Ideal for use in factories, construction areas, utility plants, warehouses and other areas with limited space that are high in moisture, dust and debris. SmartRack 24U Standard-Depth Half-Height. SmartRack 18U Mid-Depth Half-Height Ra. SmartRack 24U Mid-Depth Half-Height Ra. SmartRack 12U Small.

On the factory floor or outdoors, a standard PC won't stand a chance. That's why ITSENCLOSURES builds waterproof industrial computer enclosures tough enough to last a lifetime. Our NEMA-rated computer enclosure cabinets keep out dust, water, and chemicals, while still giving your team the access.

Take the time to protect your investment by storing them in a dust proof PC

cabinet with keyboard tray. It features enough storage capacity to securely house all the components needed for your computer to function with improved efficiency. Systems are available in stationary and mobile computer.
