

Expandable IP66 Battery Cabinets for Train Stations

Overview

Are slimline cabinets IP54 or IP66?

The SlimLine Series cabinets are designed for outdoor or indoor projects and range in IP ratings from IP54 to IP66. The Slimline Range has a compact footprint which makes them ideal for smaller spaces. Designed and manufactured in Australia, the range brings a fresh modern look to energy storage.

How many batteries can a cabinet hold?

Range of Cabinet Sizes- Capacity from 3 to 12 batteries, and with the ability to parallel multiple cabinets, there really is a solution for all applications. Prewired- To allow minimal fuss all our cabinets come prewired ready to go, the easiest part of the job will be installing the batteries. This item is a recurring or deferred purchase.

What are the best battery cabinets?

The PEW3 & PEW4 are our most compact battery cabinets in the range. These cabinets are an optimal choice for smaller systems. The size and construction of the PEW cabinet makes it well suited for secure installation in tight spaces and residential properties. Additional cabinets can be added for expansion as required, maintaining the low profile.
