PowerStore is a solar supplier that provides a one-stop.

We provide customized energy storage solutions tailored to your market needs, backed by a strong R&D team and responsive after-sales service. Enjoy competitive prices with no middlemen. We offer factory-direct supply for bulk orders, OEM/ODM projects, and global distributors. Trusted by.

Get ready for special offers delivered straight to your inbox. Unlock the full potential of your solar installation with our cutting-edge Solar Energy Storage Solutions. From high-capacity solar batteries to integrated storage systems, our products ensure you have reliable power day and night.

Explore GSL ENERGY's 125kW 232.9kWh AC-coupled containerized energy storage system with liquid cooling. Ideal for industrial peak shaving, microgrid backup, and off-grid power applications. Supports up to 10 units in parallel. Certified to IEC/EN62619, UN38.3, UL60730. Factory direct with OEM/ODM.

Our solar power storage unit uses A-grade high-quality solar panels with a service life of more than 20 years, and the energy storage battery uses a new lithium battery with a service life of up to 8 years. Focus on providing customers with one-to-one services, and one-stop solar system solutions.

As industry experts, we provide residential and commercial solar products and firmly believe in the power of solar energy, committed to shaping a sustainable future for families and businesses alike. Did you know that approximately 30% of a household's energy is used for heating and hot water?
