Greenfaith New Energy Technology Co., is a leading battery manufacturer and energy systems integrator with 26 years of experience. With a factory of 150.000 square meters and 1000+ staff, and the annual battery production capacity is above 5GW. Greenfaith has a complete product range for home.

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO4) batteries with scalable capacities, supporting on-grid and off-grid configurations for reliable energy storage solutions. Supports.

MATRIX Outdoor Power Cabinet is a new type of integrated AC/DC output power system, with the maximum capacity of 27kW and lithium battery of 500Ah (Max.). The outdoor Battery Cabinet is integrated with lithium, with the maximum capacity of 48V900Ah. The system is well suited for Telecom site-power.

AZE's lithium battery energy storage system (BESS) is a complete system design with features like high energy density, battery management, multi-level safety protection, an outdoor cabinet with a modular design. Stationary power storage systems have experienced strong growth in recent years. In.

We focus on core solar energy storage management technology innovation, provide professional technical smart storage solutions based on residential off-grid solar energy systems. Founded in 2011, Solardyna is a dynamic and innovative high-tech enterprise dedicated to the R&D, manufacturing, and sales.

Our commercial and industrial lithium battery energy storage solutions offer from

100kW to 30+MW. We have delivered hundreds of projects covering most of the commercial applications such as demand charge management, PV self-consumption and back-up power, fuel saving solutions, micro-grid and.
