

# Japan Telecom s 100kWh Energy Storage Cabinet Procurement Tender

## Overview

---

How big is the Japanese government procurement market?

The Japanese government procurement market is one of the largest in the world, with an estimated value of over ¥50 trillion (US\$460 billion) per year. Bidding for tenders in Japan is extremely lucrative for companies of all sizes.

Does Japan have a single web portal for publishing Tender notices?

Japan does not have a one singular web portal in English for publishing all tender notices by the government. There are a number of portals, but each with their own scope and functionalities. Please note the following with regard to the information provided:.

Are there public procurement portals in Japan?

There are a number of portals in Japanese that gather and publish public procurement notices. Some are publicly run, but there are also a number of commercial services available. The government-run portals are often limited in scope, as procuring entities usually have their own designated sites. Chotatsu Portal.

What are the laws governing government procurement in Japan?

Act on Promotion of Procurement by the State and Local Governments: The main law governing government procurement in Japan. It establishes the principles of transparency, fairness, and competition that must be followed by government agencies.
