Our Battery Energy Storage Systems (BESS) are built with robust cells, designed for long-lasting performance and efficiency. With our commitment to quality, we guarantee that our products undergo rigorous testing to ensure they meet the highest standards. This not only assures you of their.

AZE's all-in-one IP55 outdoor battery cabinet system with DC48V/1500W air conditioner is a compact and flexible ESS based on the characteristics of small C&I loads. The commercial and industrial (C & I) system integrates core parts such as the battery units, PCS, fire extinguishing system.

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC-compliant energy storage systems designed for renewable integration, peak shaving, and backup power.

Installing BESSs involves technical and operational risks for utility operators and investors. To mitigate risks, BESS manufacturers may offer warranties for 10 years or more based on performance estimates. However, purchasers of BESSs must choose the level of warranty coverage and pay a premium.

BESS warranties are generally divided into two categories – commercial and performance – each serving a distinct purpose. Commercial warranty: A commercial warranty is a short-term guarantee that covers defects, part replacements, and component failures at the beginning of life (BoL). It applies to.

MEGATRON Battery Energy Storage Systems offer multiple warranty coverages. From the cell level to the entire system, your system will always be backed by a robust set of warranties that will ensure long and trouble free operation. We also

offer free online troubleshooting and commissioning support.
