

# Modular Battery Cabinet 48V Project EPC

## Overview

---

What is a battery energy storage system (BESS) system integrator & EPC solutions provider?

As a battery energy storage system (BESS) systems integrator and EPC solutions provider, we combine the latest global Tier 1 battery and inverter technology to engineer a comprehensive BESS solution that is scalable and delivers guaranteed performance.

What is an Edina battery energy storage system?

An Edina Battery Energy Storage System offers an efficient, reliable, and resilient power supply whilst unlocking new business opportunities and flexibility. Maximise renewable integration and utilisation of energy generated from solar PV, wind turbines and other forms of intermittent generation.

Who delivers 10MW battery energy storage project?

Edina delivers 10MW battery energy storage project for infrastructure developer ForePower. Microgrid / Hybrid co-location solution delivers energy security and sustainability for UK commercial food waste management company. Are you looking to deploy Battery Energy Storage Systems?

.

What services does EPC energy offer?

With over 650 MWh installed and commissioned, our experienced team can provide in-house design and engineering services, along with end-to-end support including commissioning, operations & maintenance, plus extended warranties.
