

New Zealand lithium battery cabinet 1200mm deep

Overview

What is a lithium ion battery cabinet?

For larger businesses, this Lithium-ion battery cabinet makes the most of the clever double-wall, sheet steel design, which provides a thermal air defence to slow the advance of any battery fire. Extra space inside gives more storage options for larger batteries (think scooters, e-bikes etc) as well as the charging equ.

Where can I store lithium-ion batteries?

Store lithium-ion batteries safely with our fire-resistant, AS/NZS 5139-compliant cabinets – perfect for NZ worksites, warehouses & workshops.

Why should you choose a lithium-ion battery cabinet?

Whether from impact, overcharging, or internal fault, even small battery packs can pose a significant hazard — especially when stored in bulk. Our Lithium-ion Battery Cabinets are designed to minimise this risk through controlled, ventilated and secure containment.

Can a hazero battery safety cabinet fit a large battery?

The flexibility that comes with the adjustable shelving, means you can configure this cabinet to suit not only the size of your batteries, but also the number. Buy Hazero Lithium Battery Safety Cabinet-Extra Large (Each) from NZ Safety Blackwoods - New Zealand's leading provider of Safety and industrial supplies.
