

Nigeria industrial solar cabinet system

Overview

At Solatrify, we partner with leading EPC/IPPs in West Africa to design, install, finance, and maintain rooftop and ground-mounted solar projects for Commercial and Industrial clients in Nigeria & West Africa.

At Solatrify, we partner with leading EPC/IPPs in West Africa to design, install, finance, and maintain rooftop and ground-mounted solar projects for Commercial and Industrial clients in Nigeria & West Africa.

power module, battery, refrigeration, re protection, dynamic environment monitoring and energy management in one. It is suitable for microgrid scenarios such as small-scale commercial and industrial energy storage, photovoltaic diesel storage, and photovoltaic storage and charging. The local control.

Empower your industrial facility with efficient, cost-effective solar energy. Our team designs and installs robust solar systems built to handle large-scale energy needs, helping reduce operational costs while supporting long-term sustainability goals. From manufacturing plants to logistics hubs.

The Felicity Solar FLS-ES232LC-S is a high-performance liquid-cooled energy storage system delivering 232.9 kWh of LiFePO₄ capacity paired with a 100 kW bi-directional inverter. Engineered for commercial and industrial solar or backup power, it supports parallel deployment and comprehensive energy.

Explore our wide range of high-quality solar power systems At O.B.S.T Solar Power Company, we are dedicated to providing innovative and sustainable solar power solutions. Our mission is to empower individuals and businesses to embrace clean energy and reduce their carbon footprint. In addition to.

In early 2025, E-abel's sub-brand Isource, which focuses on emerging markets across Africa, the Middle East, and Southeast Asia, successfully secured a major EPC contract for a new water plant project in Nigeria. After three months of intensive discussions, negotiations, and technical solution.

Solarwox Renewable Energy Ltd provides end-to-end solar solutions to industries. With us as solar energy partners, our clients get 40% of the investment back as energy savings in the first year and a total payback period of 5 years. Following

that, free electricity for the rest of the solar panel.

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW/115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
