

# Niue solar battery cabinet subsidy

## Overview

---

When will the Niue energy project be completed?

The project will be completed mid-2026 when the Government of Niue under the Department of Utilities and Niue Power Corporation (NPC) will take over the ownership. We anticipate savings of 816,000 litres of fuel and 2,202 tCO<sub>2</sub>e in year one. It will support Niue to deliver on our climate goals and Nationally Determined Contributions (NDCs).

Does NY-Sun offer incentives to install solar panels?

NY-Sun offers financial incentives to install solar panels for residential, nonresidential, and large commercial and industrial projects. The program is divided into regions across the State and provides real-time information on the current incentive levels by sector and region.

Who is required to commission a battery energy storage system?

Where commissioning is required by the Uniform Code, Battery energy storage system commissioning shall be conducted by a New York State (NYS) Licensed Professional Engineer after the installation is complete but prior to final inspection and approval.

Are battery energy storage systems permitted in a zoning district?

Tier 1 Battery Energy Storage Systems shall be permitted in all zoning districts, subject to the Uniform Code and the "Battery Energy Storage System Permit," and exempt from site plan review. 7. Permitting Requirements for Tier 2 Battery Energy Storage Systems
