

# North American Communications Power Supply Rack IP66

## Overview

---

What is an IP66 rated cabinet?

This IP66 rated cabinet can be mounted on both walls or poles, providing flexibility in how you set up your outdoor network. The cabinet's design is specifically tailored for outdoor network cabinets, and it can withstand the most challenging weather conditions.

What is an IP66 wall-mounted 19" data rack?

IP Enclosures' IP66 wall-mounted 19" data racks are purpose-built for compact, secure housing of sensitive network and rack-mounted control equipment in harsh industrial environments.

What is the warranty on IP66 data racks?

Refer to IP Enclosures UK for details. 5 Year manufacturer's warranty from the date of delivery IP66 data racks are designed to house sensitive data network equipment in harsh environments and are available from 4RU to 12RU.

Are outdoor network cabinets IP rated?

In an age where outdoor connectivity is paramount, safeguarding your IoT devices and network equipment from environmental threats is no longer optional. IP Rated (NEMA) Outdoor Network Cabinets are purpose-built to withstand adverse conditions like water, dust, temperature fluctuations, and mechanical impacts.
