

Palau outdoor telecom enclosure 2mw

Overview

What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

What environment telecommunications enclosure works best?

NEMA standards indicate what environment telecommunications enclosure works the best. The environment can be outdoor/ indoor or dry/ wet. Therefore, you must study the environment your telecommunications enclosure might be exposed to. The enclosure rating will be based on how much they can resist those environmental climates.
