Keep your electrical assemblies safe and secure with PV Connections' range of IP66-rated outdoor enclosures. An industry-leading supplier of solar power solutions, PV Connections carries a range of IP66-rated enclosures for your BOS setup. Our outdoor distribution enclosures are weatherproof and shock-resistant.

What is IP66 ik10 rated?

IP66 IK10 rated for outdoor network, energy, and industrial applications. IP66 IK10 rated for data, communications, and industrial control systems. IP69K and IECEx electrical enclosures, pushbutton enclosures and non-metallic terminal boxes. Fans, vents, heaters, and air conditioners for reliable electrical enclosure climate control.

What are the best battery cabinets?

The PEW3 & PEW4 are our most compact battery cabinets in the range. These cabinets are an optimal choice for smaller systems. The size and construction of the PEW cabinet makes it well suited for secure installation in tight spaces and residential properties. Additional cabinets can be added for expansion as required, maintaining the low profile.
