EDP Distribution provides a variety of 19" cabinets. This allows us to offer 19" racking solutions for data centres, enterprise IT, computer rooms, and offices. What is a Server Rack?

Manufacturers create a server rack as a standard frame or enclosure. It holds different types of electronic IT.

Our 19" network racks securely house your active and passive network components, such as fiber optic and copper cables, splice boxes, patch panels, routers, switches, servers and accessories. Explore our extensive selection of 19-inch network and server racks, available in a variety of designs and.

Alibaba.com offers a large selection of wholesale 19 communication cabinet for mounting and storing your servers. These network cabinets are built to keep dust and contaminants away from hardware.

19-inch cabinets and accessories are an important part of any IT infrastructure. These cabinets provide a secure and reliable way to store network equipment, servers and other critical components. By choosing the right accessories such as cable management, fans and rails, you can adapt your cabinet.

Wall-Mounted Telecom Cabinet Direct from Manufacturer IPCOM-Group IPCOM-Group designs and produces wall-mounted telecom cabinets for professional telecom and network environments. Our 19" enclosures are available in 4U-22U sizes, with glass or perforated doors, in RAL 7035 or RAL 9005 color.

The standardized variant of the frame of a server cabinet has a width of 19 inches and a height of 10 to 42 HE. Of course, we also manufacture individual solutions tailored to your exact requirements and needs. In this case, we will be happy to fulfill any corresponding extra requests. To do this.
