ZNShine Solar, a leading solar module manufacturer, has announced the commissioning of the Patuca Solar Project in Honduras. Developed in partnership with prominent local company Grupo Jaremar, the 50MW ground-mounted solar power plant now stands as the largest industrial solar farm in the country.

TERRERO BLANCO, Honduras, March 26, 2025 /PRNewswire/ -- ZNShine Solar, a global leader in photovoltaic technology, today announced its role as module supplier for the 50MW Patuca Solar Project in Honduras. The project, developed by Empresa Nacional de Energía Eléctrica de Honduras (ENEE) and used.

As the world continues to embrace renewable energy, ZNShine Solar stands out as a leader in photovoltaic technology. Recently, the company announced its role as the module supplier for the 50MW Patuca Solar Project in Honduras, a venture that promises to significantly alter the energy landscape of.

PepsiCo, a world leading food and beverage company has installed solar at its Honduran bottling plant in order to reduce power costs; better manage energy price fluctuations; be a more competitive, socially responsible company; and positively impact the environment by reducing its carbon footprint.

ZNShine Solar today announced its role as module supplier for the 50MW Patuca Solar Project in Honduras. The project, developed by Empresa Nacional de Energía Eléctrica de Honduras (ENEE) and used Representaciones Mecánico Eléctricas, S.A. (REMESA) as EPC, represents a significant step in the.

On-site solar power directly addresses both the cost and reliability challenges.

Honduras's agricultural sector is another vital economic pillar, known for high-value exports like coffee, bananas, palm oil, and melons. Its energy needs are diverse and equally critical: irrigation pumps for crop.
