

Tuvalu fieldwork solar energy storage cabinet three-phase

Overview

What is the Tuvalu solar power project?

The Government of Tuvalu worked with the e8 group to develop the Tuvalu Solar Power Project, which is a 40 kW grid-connected solar system that is intended to provide about 5% of Funafuti 's peak demand, and 3% of the Tuvalu Electricity Corporation's annual household consumption.

Does Tuvalu need solar energy?

In response, Tuvalu has prioritized renewable energy as a dual strategy for mitigating emissions and adapting to climate impacts. Solar energy, in particular, is well-suited to Tuvalu's tropical climate, which offers abundant sunlight throughout the year.

How does Irena support Tuvalu?

Organizations like the International Renewable Energy Agency (IRENA) and the International Solar Alliance (ISA) further support Tuvalu by offering policy guidance, capacity-building programs, and access to a global network of renewable energy experts (IRENA, 2025; Testbook, 2024).
